COLLEGE OF DESIGN
FASHION & INTERIOR

(campuses in Stellenbosch & Nelspruit)

We are so excited that you are interested in studying Fashion Design with us! It is a full time two-year course International Diploma course with lectures from Monday to Fridays. Our syllabus will equip the students with hands on practical knowledge, along with the theory required to successfully enter the fashion industry. We have included business skills so our graduates are confident in their knowledge on how to run, market and start up their own business. We pride ourselves in ensuring our students are ready for a self employed venture or the catwalks of the world.

The college has 4 terms a year with both midyear and final exams. Classes are kept small for personal attention. Limited to 16 students per class. We accept our students on their grade 11 certificates and require that you pass mathematics (or math lit) at a minimum of 50%. Art and needlework would be an advantage during the course BUT are not a requirement
